

260 Michigan Avenue

Live Oak on Everett Street side of property. There are a few lower limbs that need to be trimmed back. One limb is growing down into the area of the city sidewalk and is a hazard. Another limb is growing into the security light and pole and is growing too low to over the driveway to allow higher vehicles to pull into the driveway. A few limbs that are growing down too close to the roof.

Agenda #1: 260 Michigan Avenue

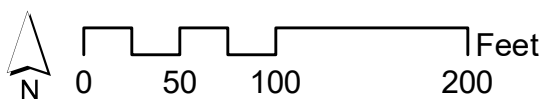

**Mobile Tree Commission**
