Mobile, Alabama 36633-1827

**RE: Tree Removal Permit Application  
for Wade Office Equipment**

Dear Mr. Daughenbaugh:

Enclosed is the Tree Removal Permit Application for the above referenced project. We have adjusted the commercial driveway on the south side of the property to allow the existing trees in that area to remain. However, after reviewing the tree location on the north side of the property, it does not appear feasible to change the driveway. Therefore, we request a permit for the removal of the existing oak tree. Your assistance with this matter is appreciated. If you have questions or require additional information, please let me know.

Sincerely,

Speaks & Associates  
Consulting Engineers, Inc.

William G. Luker, PE/PLS

WE HAVE ADJUSTED THE DRIVEWAY TO BE CENTERED BETWEEN THE EXISTING TREES

12" OAK  
Removal Permit  
Requested.

WE ATTEMPTED BUT WERE  
UNABLE TO RECONFIGURE  
THE DRIVEWAY

**Date: October 27, 2009**

**Application No.: P-2009-17**

**LOCATION:** 1045 Downtowner Boulevard

**TREE HEALTH:** Several 9" to 12" Live Oak Trees with pruning due to power lines.

**SITUATION:** Applicant is requesting to remove the Northern most Live Oak Tree for the construction of new driveway for proposed office building. The applicant also requests to install new driveway on the South side of the property between two existing Live Oak Trees.

**STAFF RECOMMENDATION:** Staff recommends to approve the removal of the Live Oak Tree with the following conditions; 1) Plant new 3" caliper Live Oak Tree on the right of way next to the Northern driveway; 2) The Southern drive way to be placed in the middle of the existing Live Oak Trees without cutting roots any closer than 10 feet from the trunks of the trees; 3) All work shall be done at the applicant's expense in coordination with Urban Forestry with the issuance of proper Right of Way permits.
