URBAN FORESTRY
COMMENTS             Urban Forestry recommends approval of the permit for Jay Eubanks Tree Service to trim the trees on the right of way at 112 Levert Ave. Eubanks Tree Service has an Arborist on staff and knows the standards we expect. With the current work load of the Urban Forestry Department, it could be up to 6-9 months before the trimming can be done.

ANALYSIS              The applicant is requesting permission to trim seven large Live Oaks located in the Levert Ave right of way. Urban Forestry comments note that the applicant has an arborist on staff who is familiar with the City of Mobile standards and requirements.

Forestry has also indicated that due to their existing workload, it could easily be 6-9 months before this project could be done.
In addition to the qualifications of the applicant and the extended timeframe before forestry could accomplish this task, the fact that the start of hurricane season is just over two months should also factor into the Commission’s consideration of this request.

**RECOMMENDATION**

Based on the preceding, this request is recommended for Approval.
