For all trees three (3) inches diameter at breast height (DBH) or less the applicant shall complete a tree removal application, which will be processed administratively by the designated City department. If the applicant objects to the administrative decision they may appeal to the Commission for review. For removal of trees greater than 3 inches DBH and for any trimming of 3 inch diameter limbs or larger, application shall be made to the Commission in advance. When any governmental body or utility files an application that it is, or may be reasonably, necessary to trim, cut or remove trees in a designated area to prevent a public hazard or to provide efficient and economical service to the public, then such certificate shall be conclusive evidence for the approval of an application by the Commission. All such applications shall be filed prior to work unless the tree poses an imminent danger. The Commission may grant continuing permission to trim, cut or remove trees in any area described in an application and covered by a certificate. The Commission shall also be notified within 30 days of any emergency removal, trimming, or cutting of trees within the City right-of-way. Staff also has the authority to render decisions on an emergency basis in the critical root zone (the area surrounding the tree equal to the DBH in inches multiplied by 12 and divided in half). However, the committee may not delegate to other such agents or sub-committee its authority to consider and render a decision on any application(s).

ARTICLE VIII. SPECIAL COMMITTEES

consensus, cancel a monthly meeting, except if that meeting is the annual organizational meeting and election of officers. The first Regular Meeting of the Commission at the beginning of the City’s fiscal year shall constitute the Commission’s annual organizational meeting. Notices for all such regular meetings shall be sent to the Mayor, the City Council, the Commission members, all persons with pending applications, news media, and others designated from time to time by the Commission, not later than five (5) business days before each such meeting.

c) SPECIAL MEETINGS. The Chairman, any two officers, or any three members may call a special meeting of the Commission. Notice of such meeting shall be given directly to each member not less than 48 hours prior to such called meeting. Notice may be in writing, telephonic, in person, or by electronic transmission so long as it is directly to each member.

d) AGENDA. All reports, recommendations, and other written materials to be considered by the Commission shall be submitted to designated City staff in advance, compiled, and sent back out to the Commission and the public no later than five (5) business days before each Regular Meeting. The foregoing shall not preclude the Commission from considering other materials or matters, at the Chairman’s discretion. No application shall be considered by the Commission unless received according to the deadline schedule established each fiscal year, as may change from time to time. To be considered, an application must contain all information as noted on the application. From time to time additional information may be requested as needed for a thorough review and informed decision.

e) ORDER OF BUSINESS. The order of business at any Commission meeting shall be substantially as follows:

1. Roll call and determination of quorum
2. Approval of minutes
3. Treasurer’s Report
4. Public Hearings (if any)
5. Other business
6. Administrative matters
7. Adjournment

Only applicants, opponents, and citizens seeking information shall be allowed to speak. Copies of staff reports and recommendations shall be made available to each Commission member and City staff shall respond to questions from the Commission and, when in order, from the public. No member of the public shall be allowed to speak during a Commission meeting, except during a public hearing or upon the affirmative permission by the presiding officer.

g) MOTIONS. No motion shall be fully debated or put to a vote without a second. A motion may be amended with the agreement of the mover and the second, or by motion to amend with a
second and majority vote by the Commission. Once amended, a motion must be voted upon in its amended form only. No motion or amendment shall be voted upon without a period of discussion, the length of which shall be at the discretion of the presiding officer. Notwithstanding the foregoing, a motion to lay on the table shall be decided immediately without discussion. A motion to act on a matter prior to the close of a public hearing shall be in order but shall require a unanimous vote.

h) LACK OF MOTION. As to any application pending before the Commission, the failure to receive a motion thereon shall constitute a denial of such application unless action on such application is specifically postponed to a subsequent meeting. The lack of a second to a motion means that motion dies at which time a subsequent motion may be made. If a subsequent motion is not made the application shall be considered denied.

i) VOTING. There shall be no voting by proxy or by telephonic or electronic means. Voting must be in person at a Regular or Special Meeting. Except as expressly provided otherwise in these rules, the Commission acts by a majority of those members voting at a meeting where a quorum is present. Failure to obtain a majority, or when there is a tie, means the matter under consideration fails. Voting shall be by voice except the presiding officer may require a show of hands. All abstaining or recusing members shall so state.

j) NOTIFICATION OF ACTION. When the Commission takes any action on an application, the applicant shall be notified in writing by the Planning and Zoning Department.

ARTICLE X. FINANCES

a) The fiscal year of this Commission shall be the same as that of the City unless otherwise established annually by the Commission.

b) This Commission is authorized to accept contributions and expend the same in carrying out its duties and obligations as permitted in the enabling legislation.

c) The Members of this Commission shall serve without salary or remuneration provided that members may be reimbursed for expenditures which received advance approval of the Commission.

d) Any necessary budget shall be drafted by the Secretary/Treasurer and shall be based on current and future needs. The budget shall be effective after its adoption by the Commission.

ARTICLE XIII. AMENDMENTS
a) These by-laws may be amended at any regular meeting of the Commission by either a two-thirds vote of the membership provided notice of the amendment has been given at a previous meeting or by unanimous vote of the membership without previous notice. (Comment: The membership is designated in the above rather than “those present and voting” since the Commission is small in number.)

b) All proposed amendments shall be submitted in writing.
