Dear Mr. and Mrs. Rudolph:

On Monday, November 3, 2008, the Board held over until the meeting of December 1, 2008, your request for **Side Yard Setback and Combined Side Yards Variances to allow an addition to an existing single-family dwelling to within 5.6' of a side property line with a combined side yard setback of 15.6' in an R-1, Single-Family Residential District** at the above referenced location. The holdover was approved to allow you one additional meeting to appear before the Board. Failure to appear at this time may result in the denial of your variance for lack of support.

If you have any questions regarding this action, please call this office at 251/208-5895.

Sincerely,
