Re: #6536/6219/6048/1637/59
BOA-SE-002596-2023
1260 and 1262 Dauphin Street, and 4 North Ann Street
Central Presbyterian Church
District 2

Dear Applicant(s) / Property owner(s):

On September 11, 2023, the Board of Zoning Adjustment considered your request for a Sign Variance to allow four (4) signs, one of which exceeds 350 square feet on a single-tenant commercial site in an I-2, Heavy Industry District; the Unified Development Code (UDC) does not allow more than three (3) signs, and limits wall signs to a maximum of 350 square feet for a single-tenant commercial site in an I-2, Heavy Industry District.

After discussion, the Board determined the following findings of fact for approval:

- 1) The proposed use is in harmony with the general purpose, goals, objectives and standards of this Chapter, or any other plan, program, map, or ordinance adopted, or under consideration pursuant to official notice, by the City.
- 2) The proposed use at the proposed location shall not result in a substantial or undue adverse effect on adjacent property, the character of the neighborhood, traffic conditions, parking, public improvements, public sites or rights-of-way, or other matters affecting the public health, safety and general welfare either as they now exist or as they may in the future be developed as a result of the implementation of provisions and policies of this Chapter, or any other plan, program, map, or ordinance adopted, or under consideration pursuant to official notice, by the City or other governmental agency having jurisdiction to guide growth and development.
- 3) The proposed use will be adequately served by, and will not impose an undue burden on, any of the improvements, facilities, utilities, and services specified in this subsection.

- 4) The proposed use is consistent with all applicable requirements of this Chapter, including: any applicable development standards in Article 3; and any applicable use regulations in Article 4.
- 5) The proposed use is compatible with the character of the neighborhood within the same zoning district in which it is located.
- 6) The proposed use will not impede the orderly development and improvement of surrounding property for uses permitted within the zoning district.
- 7) The proposed use will have no more adverse effects on health, safety or comfort of persons living or working in the neighborhood or will be no more injurious to property or improvements in the neighborhood than would any other use generally permitted in the same district.
- 8) The site is designed to provide ingress and egress that minimize traffic hazards and traffic congestion on the public roads.
- 9) The site is designed to minimize the impact on storm water facilities.
- 10) The use will be adequately served by water and sanitary sewer services.
- 11) The use is not noxious or offensive by reason of emissions, vibration, noise, odor, dust, smoke or gas; and
- 12) The use will not be detrimental or endanger the public health, safety or general welfare.

Any party aggrieved by this decision may, within fifteen days of the date of the decision, appeal to the Circuit Court of Mobile County by filing a written notice of appeal, specifying the decision from which the appeal is taken. Notice of the appeal, as well as a date stamped copy of the appeal filed in Circuit Court must be filed with this Board within the fifteen-day appeal period.

No permit, license or certification can be issued until the 15-day appeal period has expired and no appeal has been made. If a permit/license has not been obtained on or before March 11, 2024, the variance will expire and become null and void.
