District 6

Use Variance to allow the construction of a pole barn without a primary dwelling in an R-1, Single-Family Residential Suburban District; the Unified Development Code (UDC) requires a primary dwelling prior to the allowance of accessory structures in an R-1, Single Family Residential Suburban District.

Dear Applicant(s) / Property owner(s):

At its meeting on May 4, 2026, the Board of Zoning Adjustment considered the above referenced application.

After discussion, the Board determined the following findings of fact for approval:

- A) The variance **will not** be contrary to the public interest;
- B) Special conditions **exist** such that a literal enforcement of the provisions of the chapter **will** result in unnecessary hardship; and
- C) The spirit of the chapter **shall** be observed and substantial justice **done** to the applicant and the surrounding neighborhood by granting the variance.

The approval is subject to the following conditions:

- 1) Obtaining a building permit for the proposed structure; and
- 2) Full compliance with all municipal codes and ordinances.

No permit, license or certification can be issued until the 15-day appeal period has expired and no appeal has been made. If a permit/license has not been obtained on or before November 4, 2026, the variance will expire and become null and void.
