**Request for a six month extension.**

Dear Applicant(s) / Property Owner(s):

On April 1, 2002, the Board the Board granted your request for a six month extension of the Height, Setback and Separation Buffer Variances to allow the construction of a 150' monopole Telecommunications Tower; to allow the construction of said tower to within 60' of a lease parcel line; and to allow a 150' tower to be located within 60' or residential zoned property at the above referenced location.

Any party aggrieved by this decision may, within fifteen days of the date of the decision, appeal to the Circuit Court of Mobile County by filing a written notice of appeal, specifying the decision from which the appeal is taken. Notice of the appeal, as well as a date stamped copy of the appeal filed in Circuit Court must be filed with this Board within the fifteen day appeal period.

No permit, license or certification can be issued until the 15-day appeal period has expired and no appeal has been made. If a permit/license has not been obtained on or before October 1, 2002, the **Height, Setback and Separation Buffer Variances** will expire and become null and void. For additional assistance call (251) 208-5895.
