Other Business

Public Hearing on January 8, 2015, to amend XIII. CHAPTER 64-6.A.8.b. (2) and c.1.. The amendment will change the maximum foot candle (illumination level) to only be at residential property lines; and will change the interior illumination level to be 1.0 foot candle average, 0.5 foot candle minimum. The request is the result of comments and issues raised by several design professionals when trying to meet these standards for expansion of existing parking facilities.
