**b. PUD-002040-2022 (Planned Unit Development)**

**Davis Pilot Family Subdivision**

Planned Unit Development approval to allow a unique sign package and shared access between two building sites.

Motion to approve by Matt Anderson. Second by Nick Amberger. **Approved.**

**After discussion, the Planning Commission determined the following Findings of Fact for Approval:**

- a. the proposal promotes the objective of Flexibility (*to permit greater flexibility in the location and arrangement of buildings and uses than is generally possible under district regulations*), because it allows for new commercial developments to have shared access, therefore limiting curb cuts to streets;
- b. the proposal promotes the objective of Efficient land use (*to encourage the most efficient and sustainable use of land, especially tracts in the inner part of the city that remain undeveloped or that are appropriate for redevelopment*), because it will allow increased connectivity between commercial sites;
- c. the proposal promotes the objective of Public services (*to encourage optimum use of available public utilities, streets and community facilities*), because all infrastructure is in place to serve the site.

The Approval is subject to the following conditions:

- 1) Removal of signs C, D, E and F, and provision for multi-tenant signage on the Sollie Road freestanding sign, as offered by the applicant and discussed at the meeting (*future signage as adjacent property in the PUD is developed will require a new application to the Planning Commission to amend the PUD sign package*);
- 2) either depiction of an existing compliant right-of-way along Cottage Hill Road, or dedication to provide 50-feet to the centerline;
- 3) either depiction of an existing compliant right-of-way along Sollie Road, or dedication to provide 50-feet to the centerline;
- 4) provision of the lot sizes in square feet and acres, adjusted for dedication;
- 5) maintenance of a compliant residential buffer along the South property line;
- 6) provision of a compliant photometric site plan at the time of permitting;
- 7) full compliance with Engineering comments: (***ADD THE FOLLOWING NOTES TO THE PUD SITE PLAN: 1. Any work performed in the existing ROW (right-of-way) such as driveways, sidewalks, utility connections, grading, drainage, irrigation, or landscaping will require a ROW permit from the City of Mobile Engineering Permitting Department (208-6070) and must comply with the City of Mobile Right-of-Way Construction and Administration Ordinance (Mobile City Code, Chapter 57, Article VIII). 2. A Land Disturbance Permit application shall be submitted for any proposed land disturbing activity with the property. A complete set of construction plans including, but not limited to, drainage, utilities, grading, storm water detention systems and paving will need to be included with the Land Disturbance permit. This Permit must be submitted, approved, and issued prior to beginning any of the construction work. 3. Any and all proposed land disturbing activity within the property will need to be submitted for review and be in conformance with Mobile City Code, Chapter 17, Storm Water Management and Flood Control; the City of Mobile, Alabama Flood Plain Management Plan (1984); and, the Rules For Erosion and Sedimentation Control and Storm Water Runoff Control. 4. Any existing or proposed detention facility shall be maintained as it was constructed and approved. The Land Disturbance Permit application for any proposed construction includes a requirement of a Maintenance and Inspection Plan (signed and notarized by the***

*Owner) for the detention facility. This Plan shall run with the land and be recorded in the County Probate Office prior to the Engineering Department issuing their approval for a Final Certificate of Occupancy. 5. The approval of all applicable federal, state, and local agencies (including all storm water runoff, wetland and floodplain requirements) will be required prior to the issuance of a Land Disturbance permit. The Owner/Developer is responsible for acquiring all of the necessary permits and approvals. 6. The proposed development must comply with all Engineering Department design requirements and Policy Letters.);*

- 8) placement of a note on the Final Plat stating Traffic Engineering comments: *(Driveway number, size, location, and design to be approved by Traffic Engineering and conform to AASHTO standards. Any required on-site parking, including ADA handicap spaces, shall meet the minimum standards as defined in Section 64-6 of the City's Zoning Ordinance.);*
- 9) compliance with Urban Forestry comments: *(Property to be developed in compliance with state and local laws that pertain to tree preservation and protection on both city and private properties [Act 929 of the 1961 Regular Session of the Alabama Legislature (Acts 1961, p. 1487), as amended, and City Code Chapters 57 and 65]. Private removal of trees in the right-of-way will require approval of the Mobile Tree Commission. Removal of heritage trees from undeveloped residential sites, developed residential sites in historic districts, and all commercial sites will require a tree removal permit.);*
- 10) compliance with Fire Department comments: *(All projects within the City Limits of Mobile shall comply with the requirements of the City of Mobile Fire Code Ordinance (2012 International Fire Code). Fire apparatus access is required to be within 150' of all commercial and residential buildings. A fire hydrant is required to be within 400' of non-sprinkled commercial buildings and 600' of sprinkled commercial buildings.);* and
- 11) full compliance with all municipal codes and ordinances.

c. **ZON-002035-2022 (Rezoning)**

**WaWa, Inc.**

Rezoning from B-2, Neighborhood Business District and B-1, Buffer Business District, to B-2, Neighborhood Business District.

Motion to approve by Matt Anderson. Second by Nick Amberger. **Approved.**

After discussion, the Planning Commission determined that the following conditions prevail to support the rezoning request:

- a. the subdivision of land into building sites makes reclassification of the land necessary and desirable

As such, the Planning Commission voted to recommend Approval of the rezoning request to the City Council, subject to the following conditions:

- 1) completion of the Subdivision process; and
- 2) full compliance with all municipal codes and ordinances.
