Dear Applicant(s) / Property Owner(s):

At its meeting on April 19, 2007, the Planning Commission approved the above referenced subdivision subject to the following conditions:

- 1) placement of a note on the Final Plat stating that the development is limited to a maximum of three curb cuts to Dawes Road, with the size, location and design to be approved by County Engineering;**
- 2) provision of a certification letter from a licensed engineer to the Planning Section of Urban Development and the Mobile County Engineering Department, certifying that the stormwater detention and drainage facilities comply with the City of Mobile stormwater and flood control ordinances prior to the signing and recording of the final plat; and**
- 3) placement of a note on the Final Plat stating that any lots which are developed commercially and adjoin residentially developed property must provide a buffer, in compliance with Section V.A.7. of the Subdivision Regulations.**

After you have obtained all the necessary approval signatures and the plat has been recorded in the Mobile County Probate Office, seven copies of the recorded plat (including map book and page number) must be submitted to the Land Use Administration office. This procedure must be completed within one year, or the Tentative Approval will expire.

It is also requested that a digital copy of the final plat be submitted to the Land Use Administration office once the plat has been submitted to Probate for recording. This may be submitted on disk or via e-mail at travisz@cityofmobile.org.
