Re: Case #SUB2005-00277 (Subdivision)

Hunters Park Subdivision, Unit IV

East side of Dykes Road South, 3/10 mile± North of Airport Boulevard.

3 Lots / 1.5± Acres

Dear Applicant(s) / Property Owner(s):

At its meeting on February 2, 2006, the Planning Commission approved the above referenced subdivision subject to the following conditions:

- 1) the revision of the plat to show a street connection between Dykes Road South and the new street in Hunter's Park Unit V;
- 2) the reconfiguration of the lots to ensure that minimum lot size (7200 square feet where served by public water and sanitary sewer) is maintained;
- 3) the construction and dedication of the new street to County Engineering standards; and
- 4) the placement of a note on the final plat stating that any lots that are developed commercially and adjoin residentially developed property must provide a buffer, in compliance with Section V.A.7 of the Subdivision Regulations.

After you have obtained all the necessary approval signatures and the plat has been recorded in the Mobile County Probate Office, seven copies of the recorded plat (including map book and page number) must be submitted to the Land Use Administration office. This procedure must be completed within one year, or the Tentative Approval will expire.

It is also requested that a digital copy of the final plat be submitted to the Land Use Administration office once the plat has been submitted to Probate for recording. This may be submitted on disk or via e-mail at marti.watson@cityofmobile.org.
