Re: Case #SUB2007-00266
Magnolia Springs Subdivision, Phase One
North side of Silver Pine Road, ½ mile± West of Schillinger Road North.
175 Lots / 87.8± Acres

Dear Applicant(s) / Property Owner(s):

At its meeting on November 15, 2007, the Planning Commission approved the above referenced subdivision subject to the following conditions:

- 1) **dedication of sufficient right-of-way along Silver Pine Road to provide 50' from centerline for the portion on the Major Street Plan, and 30' from centerline for the remainder of the future frontage, as shown on the plat submitted;**
- 2) **the placement of a note on the Final Plat stating that A-8, A-9, A-26, B-1, B-20, B-45, B-46, C-41, C-42, C-51, C-52 and C-62 are corner lots, are limited to one curb cut, with the size, design and location to be determined by County Engineering;**
- 3) **submission and approval of individual applications for each phase or unit, to ensure that development occurs in a manner to provide the most points of access in a timely and efficient manner;**
- 4) **submission of a Traffic Impact Study based on the entire composite development with the submission of the next phase application;**
- 5) **all proposed roads be constructed to county standards, and dedicated to Mobile County;**
- 6) **all areas not designated as lots should be labeled as common areas (including wetlands and detention areas), and a note placed on the final plat stating that maintenance of all common areas is the responsibility of the property owners (association);**
- 7) **placement of a note on the final plat stating that any lots which are developed commercially (or multi-family residential) and adjoin residentially developed property must provide a buffer, in compliance with Section V.A.7. of the Subdivision Regulations;**

- 8) placement of a note on the final plat stating that the development will be designed to comply with the storm water detention and drainage facility requirements of the City of Mobile storm water and flood control ordinances, and requiring submission of a letter from a licensed engineer certifying that the design complies with the storm water detention and drainage facility requirements of the City of Mobile storm water and flood control ordinances prior to the signing of the final plat. Certification is to be submitted to the Planning Section of Urban Development and County Engineering;**
- 9) depiction of the 25-foot minimum building setback line on all lots and common areas, on the final plat;**
- 10) placement of a note on the final plat stating that the maintenance of all common areas shall the responsibility of the property owners;**
- 11) compliance with the requirements of the 2003 International Fire Code, including Appendices B through D, as adopted by the City of Mobile, particularly as applied to the subdivision layout, design and road construction, to be verified by Mobile Fire-Rescue; and**
- 12) labeling of all lots with size in square feet, or placement of a table on the plat containing the lot size information.**
