Dear Applicant(s) / Property Owner(s):

At its meeting on October 19, 2006, the Planning Commission approved the above referenced subdivision subject to the following conditions:

- 1) **placement of a note on the final plat stating that any lots which are developed commercially and adjoin residentially developed property must provide a buffer, in compliance with Section V.A.7. of the Subdivision Regulations;**
- 2) **placement of a note on the plat stating that the approval of all applicable federal, state and local agencies will be required prior to the issuance of any permits or land disturbance activities;**
- 3) **provision of a certification letter from a licensed engineer to the Planning Section of Urban Development, certifying that the stormwater detention and drainage facilities comply with the City of Mobile stormwater and flood control ordinances, prior to the signing and recording of the final plat; and**
- 4) **labeling of all lots with size in square feet, or provision of a table with the lot size information on the plat.**

After you have obtained all the necessary approval signatures and the plat has been recorded in the Mobile County Probate Office, seven copies of the recorded plat (including map book and page number) must be submitted to the Land Use Administration office. This procedure must be completed within one year, or the Tentative Approval will expire.
