**Re: Case #SUB2003-00088 (Subdivision)**  
**West Hill Subdivision**  
West terminus of Hilltop Drive South.  
12 Lots / 3.1± Acres

Dear Applicant(s) / Property Owner(s):

At its meeting on June 5, 2003, the Planning Commission approved the above referenced subdivision subject to the following conditions:

- 1) maximum site coverage of 45% per lot;
- 2) reduced setbacks as shown on the plat submitted;
- 3) placement of a note on the final plat stating that the 60-inch live oak on Lot 1 is preserved, and any work within the canopy of the tree must be coordinated with and approved by Urban Forestry;
- 4) dedication and construction of the street to City standards; and
- 5) full compliance with all municipal codes and ordinances.

After you have obtained all the necessary approval signatures and the plat has been recorded in the Mobile County Probate Office, **seven** copies of the recorded plat (including map book and page number) must be submitted to the Land Use Administration office. This procedure must be completed within one year, or the Tentative Approval will expire.

It is also requested that a digital copy of the final plat be submitted to the Land Use Administration office once the plat has been submitted to Probate for recording. This may be submitted on disk or via e-mail at [henley@cityofmobile.org](mailto:henley@cityofmobile.org).

If you have any questions regarding this action, please call this office at 251/208-5895.

Sincerely,

**MOBILE CITY PLANNING COMMISSION**
