Re: Case #SUB2006-00214
Woodside Subdivision, Unit Eight, Phase 2
North side of Woodside Drive North at its West terminus.
1 Lot / 0.3± Acres

Dear Applicant(s) / Property Owner(s):

At its meeting on October 5, 2006, the Planning Commission approved the above referenced subdivision subject to the following conditions:

- 1) Woodside Drive North must be constructed and accepted by Mobile County prior to the signing and recording of the final plat;**
- 2) placement of a note on the final plat stating that any lots that are developed commercially and adjoin residentially developed property must provide a buffer, in compliance with Section V.A.7 of the Subdivision Regulations; and**
- 3) provision of a certification letter from a licensed engineer to the Planning Section of Urban Development, certifying that the stormwater detention, drainage facilities, and release rate comply with the City of Mobile stormwater and flood control ordinances, prior to the signing and recording of the final plat.**

After you have obtained all the necessary approval signatures and the plat has been recorded in the Mobile County Probate Office, seven copies of the recorded plat (including map book and page number) must be submitted to the Land Use Administration office. This procedure must be completed within one year, or the Tentative Approval will expire.

It is also requested that a digital copy of the final plat be submitted to the Land Use Administration office once the plat has been submitted to Probate for recording. This may be submitted on disk or via e-mail at travisz@cityofmobile.org.
