REMARKS

The applicant is requesting Planning Approval to allow an addition to an existing church within the 25-foot building setback in an R-2, Two-Family Residential District. If approved, the setback encroachment will require a variance from the Board of Zoning Adjustment.

Lily Baptist Church has not provided justification for the expansion, or the proposed use for the expansion.

The review required for Planning Approval examines the applicant's location and site plan with regard to transportation, parking and access, public utilities and facilities, traffic congestion and hazard, and to determine if the proposal is in harmony with the orderly and appropriate development of the district.

It is very important to note that the Planning Approval review is site plan specific; therefore *any* future changes to the site plan or to the scope of operations for the church, as approved, by current or future applicants must be submitted for Planning Approval.
