

**SIDEWALK WAIVER REQUEST STAFF REPORT Date: January 20, 2005****NAME**

Dr. Christy Agren

**LOCATION**

205 South University Boulevard  
(East side of South University Boulevard, 100'±  
South of Sunset Drive South)

**PRESENT ZONING**

B-1, Buffer Business

**ENGINEERING****COMMENTS**

No waiver recommended. No information was provided to evaluate engineering need for waiver and no engineering reason was provided for a waiver. *There is inadequate right of way available for construction of sidewalk to COM standards*

**REMARKS**

The applicant is requesting a waiver of the sidewalk requirements along the University Boulevard Service Road frontage.

The applicant states that the property was recently rezoned to allow commercial use, and that the adjacent properties are still zoned residentially. The applicant also states that there are no sidewalks in the immediate area.

While there are no sidewalks along University Boulevard, the commercial property at the corner of Airport Boulevard and University Boulevard provided a sidewalk along Airport Boulevard. Any future redevelopment of the remainder of that property would require the installation of a sidewalk along the University Boulevard frontage.

It has been the policy of the Commission to approve sidewalk waivers only in cases where there was an engineering reason or physical barrier which made installation of the sidewalk impracticable. Based on comments from the Engineering Department, there was no documentation submitted to illustrate a reason for waiver.

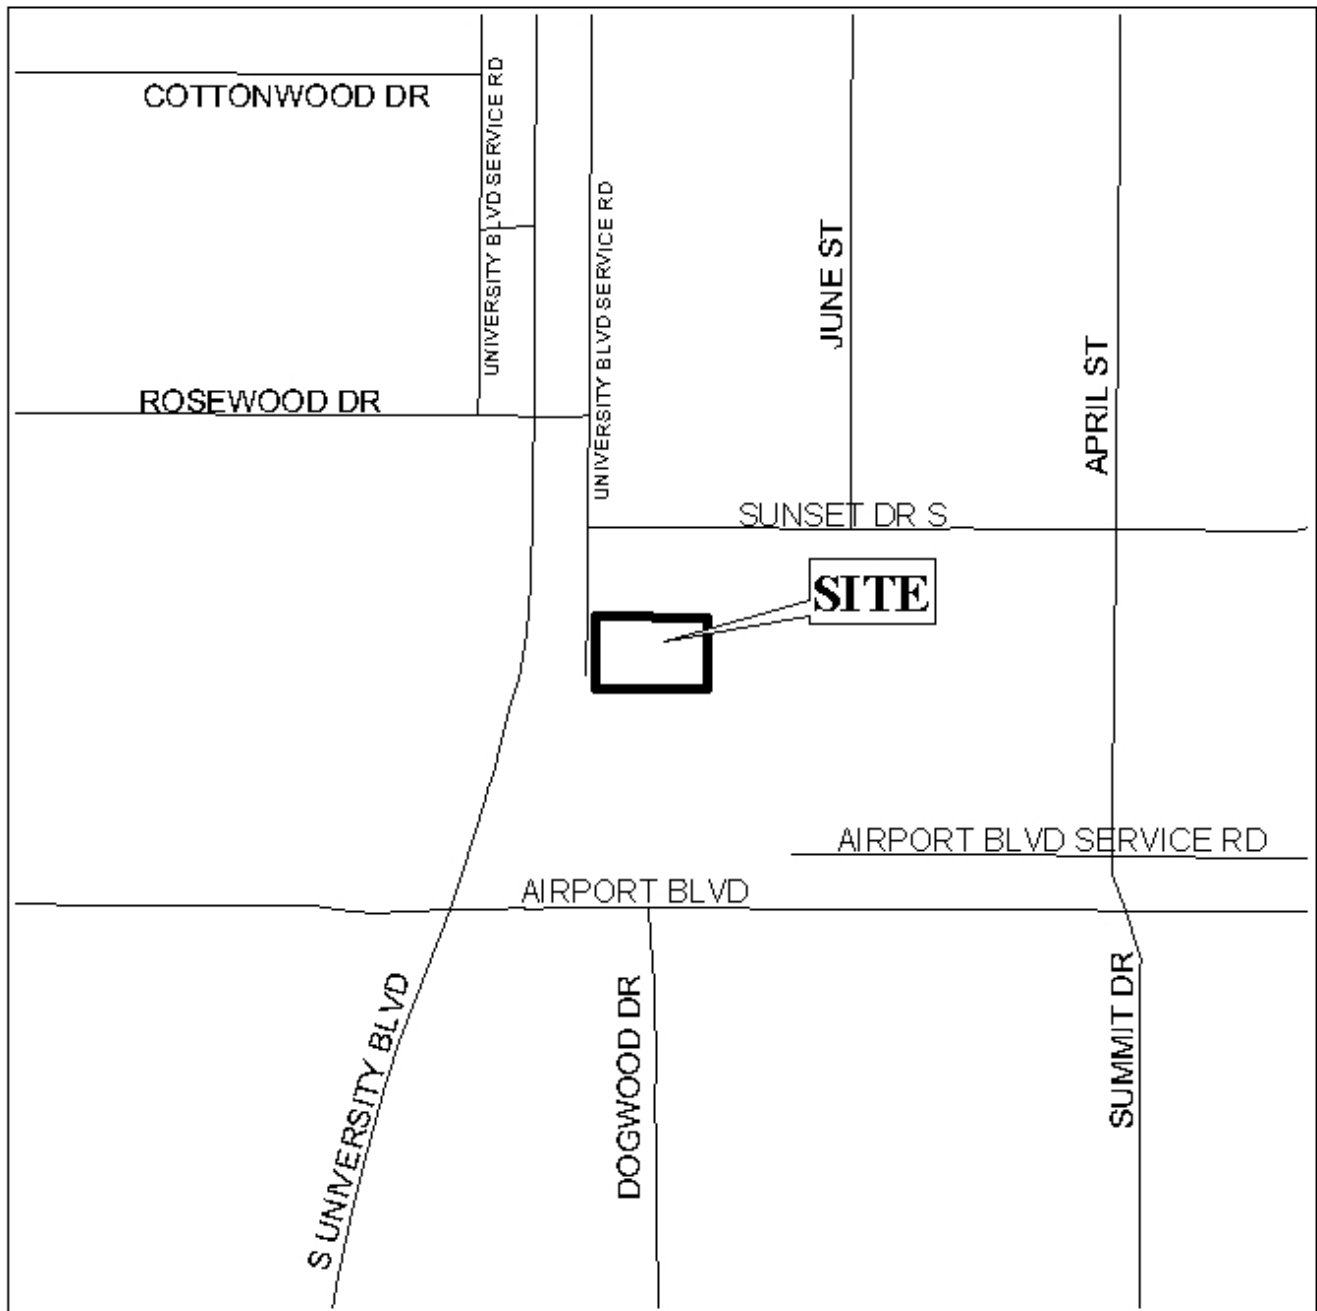

Further, the Commission has rarely allowed the absence of sidewalks in an area as justification for waiving sidewalk requirements.

*This request was heldover to allow the applicant time to submit the required drawings and cross-sections.*

**RECOMMENDATION**

Based on the preceding, it is recommended that this application be denied. *Based on comments from City Engineering, it is recommended that this application be approved.*
